## Executive Order Compliant

Clear Ballot is proud to share that our election solutions fully comply with the March 25th Presidential Executive Order: "Preserving and Protecting the Integrity of American Elections." Clear Ballot will never conceal votes within a barcode. Every voter has the ability to verify their own choices.

## Our Commitment

Clear Ballot has always been committed to a full-face paper ballot, therefore, none of our products contain barcodes, QR codes or summary ballots. Election Officials deserve to feel confident in the security and longevity of their system.

## Universal Ballot Integrity

ClearVote believes in Universal Ballot Integrity, which means every voter always uses the same human-readable, full-face ballot and ensures that the voter performs the initial ballot verification.

## Future-Proof

Protect taxpayer dollars and your investment by choosing the only trusted way of voting. An investment in Clear Ballot is an investment in the long term future of the voters and election officials in any jurisdiction.
