

Private Election Services

Clear Ballot

Clear Ballot is pleased to offer election services to a wide range of private entities across the United States. With as little as just 30 days notice, our team of professional election experts can help your organization stand up and run an election from start to finish, assisting your team through every step of the process from ballot design to end-of-night reporting.

Key Offerings:

Project Management

A Clear Ballot professional election expert will organize and manage every step of the project

Ballot Design

Our team will handle layout, design, and formatting and walk you through our many flexible design options

Tabulation with Onsite Support

A Clear Ballot expert will be onsite on Election Day to assist with ballot scanning and tabulation

Reporting & Results Aggregation

When the election is over, our team aggregates the results and provides you with key reports

Ballot Printing & Mailing (Optional)

Need printing help? Our team has relationships with printing vendors across the country and can coordinate ballot printing and mailing services

Key Benefits:

Professional Administration

Our team of election experts has experience running elections of all types and sizes across the country

Enhanced RCV Capabilities

Our system features robust ballot design and tabulation capabilities, and has the ability to combine RCV contests with plurality contests

Fully Customizable Ballots

Our industry-leading ballot design software makes it simple to design ballots with extreme formatting flexibility
